

K-Love radio 102.3 enspires us as a community to help each other to support each other in tough times. As a huge Quaker community K-Love radio is huge. We have the college there in town and it keeps the college kids in "tune" with the Lord. Our community is a tight knit community with low crime rate. I thank K-Love for that for reminding us each that we are all children of the Lord. It lifts us each with positive and encouraging music and programs. It keeps us focused on being good and neighborly. Thank you for your time.
